Dear friends and clients,

Enclosed please find our latest newsletter. On the service side of things, Bright Eyes & Bushy Tails continues to grow. A few months ago we completed our dental lab setup, and we now offer a full spectrum of dental services (ultrasonic cleaning/scaling, polishing, extractions, etc.). We're expecting the installation of an X-ray machine within a month. We're looking forward to the convenience of a radiology system that doesn't require us to impose on other Iowa City veterinary hospitals.

Most of our time over the past few months has been spent with Johnson County Planning and Zoning. We hope to be able to operate our surgery and hospital as a more traditional veterinary practice soon. This won't replace the housecall practice, but should offer advantages for hospitalized patients. At this moment, as a residential house, our clinic can't be open to the public. By zoning as a "regular" veterinary clinic, it will allow you to visit your pet if he or she is hospitalized. We hope this will be complete by early July, but it takes an act of the legislature (Johnson County Board of Supervisors), and so the scheduling (or certainty) can't really be predicted.

In other news, our web site has moved to the more elegant address [<http://www.BrEBT.com>](http://www.BrEBT.com). This move was greatly facilitated by John Kane, who has recently started a web design/hosting business in Iowa City, reachable via web at [<http://www.webwalkway.com>](http://www.webwalkway.com). (Thanks John!) [John and his wife Linda also own flying squirrels.]

Gratefully yours,

Allan L. Berger, DVM, PhD

Jennifer L. Berger, DVM
